

Raising the Bar on Breast Health

CDH and Delnor are proud to be awarded premier designations for clinical standards

From testing to treatment to recovery, Cadence Health is dedicated to outstanding breast health care for women of all ages. In fact, the Breast Health Centers and the breast cancer program at CDH and Delnor Hospital have received a number of special designations in the care of patients with breast disease and breast cancer, marking us as one of the top programs in the region. Both hospitals are proud to be certified Breast Centers of Excellence as well as NAPBC-accredited.

Behind these designations is a deep and enduring commitment to women's health, one that gives you the peace of mind knowing that talented, experienced caregivers are here to guide you with knowledge, compassion, respect and education to help you make the best decisions about your own care.

To schedule an appointment, please call 630.933.5000. TTY for the hearing impaired 630.933.4833.

Accreditations received by the breast health program include:

- National Accreditation Program for Breast Centers (NAPBC) through the American College of Surgeons
- American College of Radiology (ACR) mammography accreditation
- ACR breast ultrasound and ultrasound guided breast biopsy accreditation
- ACR stereotactic breast biopsy accreditation
- ACR Breast Imaging Center of Excellence (BICOE) designation
- ACR breast MRI accreditation*
