

We Are Moving on March 5!

We are excited to announce that the Posy Krehbiel Breast Care Center will relocate to the new Northwestern Medicine Lake Forest Hospital in March.

Beginning March 5, all screenings, diagnostic mammograms and treatment will take place in our new, state-of-the-art hospital at 1000 North Westmoreland Road. (See map on back.)

Our new space will feature 3D mammography capabilities on all units as well as an expanded schedule for automated breast ultrasound. Our bone density unit will include Pediatric as well as Whole Body Composition protocols to better serve all our patients' needs.

What will remain the same in the new space is our caring, compassionate and experienced staff whom you have come to know and trust for your breast health needs.

We look forward to continuing your screenings and personalized care in our exceptional new home!

To learn more or schedule your mammogram, please call 847.535.8000.

Please enter the new hospital via the Main Entrance at 1000 North Westmoreland Road. Both valet and self-parking options are available.
