

Child Life Wish List

The child life specialist at Northwestern Medicine Proton Center coordinates and distributes all donations made to our pediatric patients. Patients receive gifts for completing weekly treatments, on difficult treatment days, for birthdays and to celebrate the end of treatment. Patients range in age from 2 to 18 years. Thank you for considering donating any of the items listed below.

Preschool and school-age

- › Board or sound books
- › Building block sets (such as LEGO® or Duplo®)
- › Cars, trucks and trains
- › Character play sets (such as Little People®)
- › Dinosaurs
- › Dolls (various ethnicities)
- › Modeling compound (such as Play-Doh®)
- › Play sets (such as My Little Pony®, Hot Wheels® or Matchbox®)
- › Small craft sets
- › Sorting or stacking toys
- › Superhero action figures

Teens

- › Fun pens or markers
- › Gift cards (Amazon, Ulta Beauty®, Bath & Body Works®, Dick's Sporting Goods, Topgolf)
- › Journals or sketchbooks
- › LEGO sets (age 14+)
- › Manicure supplies
- › Reusable drink tumblers or water bottles (such as Stanley® or Owala®)
- › Small candles
- › Sports hats

General supplies

- › Squishy balls (1- or 2-inch diameter)
- › Small stickers
- › Colored cardstock

For safety and infection control reasons:

- › We prefer small items over large ones.
- › We only accept **new** items that are non-toxic and not easily broken.
- › We cannot accept food of any kind.
- › We cannot accept toys that represent violence.
- › **Do not wrap your donation.**

To provide the most variety, we prefer small items over large ones. For more information, specific ideas, monetary donations or directions, call the child life specialist at **331.732.4112** (TTY: 711).
