AUGUST 31 2019

I am a 77-year-old man who started interfacing with physicians when I was 16 years of age and that continued for 48 years as I was in the health care field. I was very pleased with my interface with Dr. Soudagar. In my interface with him, he was a person who was very down to earth, at the same time very knowledgeable, professional and friendly. I could not have asked for more. I have interfaced with individuals at the bottom of that spectrum and all along the way. Dr. Soundagar was at the top of his game. Needless to say, I was very pleased.
