AUGUST 10 2018

Thought Dr. Cventer was great!

I thought ~Dr. Guentner was great!

AUGUST 26 2018

Based on the depth of Dr. Guentner's questions regarding how I'm feeling, the effectiveness of my medication, do I have enough medication on hand or are there any side effects of the medications, I nearly felt as if I was a member of her family.

AUGUST 26 2018

Provider also discussed with me referrals to other providers which I appreciated

DECEMBER 5 2018

Dr. Guentner was excellent. I left felt like she really cared about me and my wellbeing even if not GI related.

JANUARY 17 2019

Dr Guentner is very knowledgable, genuine and caring professional

APRIL 2 2019

I have already recommended her.

AUGUST 4 2019

Dr. Amanda Guentner is an outstanding doctor. She is highly Professional, very caring and kind with a wonderful bedside manner, and just an outstanding person in general. I liked her the minute I met her. And I'm so happy that she took care of me. I would absolutely highly recommend her.

OCTOBER 13 2019

She asked good questions, listened and asked good follow-up questions. She provided meaningful feedback to my questions and did so without sounding disconnected or overly authoritative. She has a great manner and ability to connect on a personal level which made it easy to relate, understand and remember what we discussed.
