I was a patient of Dr. Durbin at her previous practice. I travel double amount of time to continue to see Dr. Durbin. She is an extraordinary doctor. Her patient care is above any doctor care I've received. I will continue to see Dr. Durbin where ever she practices. I feel the care she provides is genuine and she is passionate about her patients well-being.

Dr. Durbin is the best family practitioner I have ever had, to the extent that I followed her from her last practice. She is amazing at her listening skills and working with me to determine the best course of action for my treatment. Have recommended her and will continue to recommend her to anyone looking for a family practitioner and DO.
