JUNE 18 2018

an excellent experience - On a previous visit with Dr. Eimer, he took the time to ask if I had any other concerns. I showed him sores that I had on my legs, for which my present care at another facility was not helping. He immediately arranged immediate appointments at the wound care office. In addition to his skill, kindness and sense of humor - the general interaction with his staff produced a happy atmosphere in this staff who were outstanding in their treatment of me. I repeat - when did I ever think that I would look forward to going to the Dr.???
