JULY 30 2018

I LOOOVEEEE Dr. Garb. He is my favorite doctor - and how many people say that about a gynecologist. While I know he makes notes of personal things about his patients and asks them about life (even a year later), it is extremely comforting. I know he probably doesn't remember me, but it feels like he does. He genuinely seems to care. He is super friendly and very professional. Additionally, I LOVE that I literally can walk in at a few minutes to 1pm and then am walking out at 1:25pm. Granted, I didn't have any issues. However, he is just so efficient. It makes me feel that he values my time by not making me

wait a lot.
