AUGUST 31 2018

Dr. Kansel is exceptional. She ALWAYS has clearly taken the extra time to learn about my unique medical condition as it relates to my cardiac issues. Out of all of the doctors I have seen in the past five years (and there have been countless doctors, both around Chicago and internationally) she has been one of the superior medical care providers. She exhibits such genuine care, compassion and concern for my challenges.

MARCH 12 2019

Dr. Kansal from the first time I stepped in her office, she showed me nothing but concern, empathy and professionalism. She always takes time to talk to you always listening and believing. She has looked into ways to help me with my heart problem. I was impressed by the first time I met her and I told her I had lots of pain and believed me (unlike the previous doctor who said "No you don't!") and gave me medications that have helped.
