She was extremely thorough, did not seem to be in a hurry to finish to get to her other patients, etc. This was my first visit; she answered my questions and I liked her very much.

Dr. Kurtzer was so helpful and took all the time necessary to explain what she thought was going on, what potential options were, what she thought the outcomes of those options would be, and what the best course of action would be going forward. I have never had another OB/GYN sit with me for that long or discuss anything that in-depth. She was amazing!
