MARCH 28 2022

**She's an excellent doctor, took the time to listen to all my problems and she was very helpful.**

MARCH 24 2022

**I think she's excellent. Took a lot of time to learn my son's history. Explained things very well. Answered all my questions.**

MARCH 22 2022

**Doctor Alexa King is a very kind and caring person. And an even better doctor. She seemed genuinely concerned about getting to the root about my problem. And explained the tests she felt needed to be done and why. She made me feel comfortable, and she's very easy to talk to. When and if I ever need to visit neurology again, doctor Alexa King is the person I want to see. And I would recommend her to anyone that needs a neurologist.**

DECEMBER 22 2021

**She is passionate and is a good listener!**

DECEMBER 17 2021

**Dr. King was very understanding and thorough in explanation of my health records, as well as what was coming next. I wish I would have started my journey at Northwestern instead of where I did.**

DECEMBER 13 2021

**She took one of the most thorough histories I've had in a long time, very careful. She really knows her meds and figured out the next step in my care. I feel I can return to her if/as needed.**

DECEMBER 7 2021

**Dr. King is competent and personable. Very helpful and efficient.**

NOVEMBER 30 2021

**Thorough**

NOVEMBER 12 2021

SEPTEMBER 28 2021

**She was extremely knowledgeable, kind, and willing to listen. She explained everything very well and gave her professional opinion and advice without pressuring me at all. She was also extremely thorough and I didn't at all feel like I was being rushed.**

SEPTEMBER 26 2021

**The Dr. was using common every day language to explain and during our interactions.**

SEPTEMBER 23 2021

**Dr. King specializing in women with epilepsy makes me feel like I have the best possible care for someone in my condition. She's very thorough, listens, seems compassionate, and did an amazing job explaining everything to me. I'm very happy to be in her care.**

SEPTEMBER 23 2021

**This was my first visit with Dr. King. She gathered information so thoroughly and took the time to explain seizures, tests and medication. She is enthusiastic, knowledgeable and personable!**

SEPTEMBER 16 2021

**Dr King was patient and took the time to explain things thoroughly!**

SEPTEMBER 16 2021

**She takes the time to truly listen and shows she wants to help. I am very happy with my care from Dr.King and grateful to have found her. I've seen about 17 doctors in 6 months and nobody could figure out what was causing random seizures in an otherwise "healthy" 21 year old, but Dr.King may have found the answer.**
