**Dr. Angelo Tanna and Dr. Russell Wong (fellow, this visit) relate to the patient good, complete eye care and overall healthy living reminders for optimal vision results.**

MARCH 31 2022

**I believe Dr. tanna is a wonderful doctor. He seems like heâ€™s always rushed moving from room to room and never really asks me if I have any questions about my eyes. He doesnâ€™t do a good job of explaining the issues I have with my eyes and why he is doing the procedures to correct them. After each appointment I feel like I am more confused than the one before. I have trust that he is doing the right thing I just donâ€™t feel like he has enough time with patients to answer their questions.**
