Dr. Jahromi is the best! He explains things well, and instills a high degree of confidence in me, his patient, and my family. He is a top practitioner in his field and I trust him to do a thorough job for my surgeries. I have had four surgeries with him thus far, and listening to him and watching him in the Operating Room, double checking that everyone knows what the procedure will be, its location, etc., puts me at ease before each procedure. of course, i hope not to have any more procedures, but he cannot control my biology!

DECEMBER 15 2021

Dr. Jahromi is a highly skilled neurosurgeon. That alone would give him a 10 out of 10. However, what sets him above so many is his genuine concern for his patients. He is thorough, compassionate, and pleasant. I feel beyond fortunate he is my doctor.
