Dr. Boots is the best!

OCTOBER 11 2019

I have worked with Dr. Boots previously. She is very helpful.

OCTOBER 10 2019

I am so grateful for Dr. Boots, and consider her the best provider I have ever worked with! I always feel comfortable, understood and never rushed. She is always prepared (I can tell she knows who I am, my case history and is ready for the meeting/procedure at hand every visit), and explains things exceptionally well. I feel educated and fully trust her as a partner. I could not be happier: Dr. Boots and her team are exceptional.

OCTOBER 10 2019

Dr. Boots is absolutely amazing. After visiting 2 other doctors outside of Northwestern, we were blown away with her attentiveness to us and our situation, how thorough she was with our options, how comfortable she made us feel and how easy she was to talk to. I would 100% recommend Dr. Boots!

OCTOBER 5 2019

Dr. Boots was very knowledgeable and compassionate to our concerns. She was willing to answer all of our questions with no judgement. We felt comfortable with her and her entire team. We left feeling like she was on our team and apart of our "hopefully growing" family. She especially honored our eagerness to keep the process moving!

Dr Boots is the best doctor I've ever had. She always makes me and my husband feel calm, welcomed, and heard. We feel a part of the decision. She leaves space for questions. We never feel rushed. She explains things in a way that are easily understood. She cares about us as people. She remembered our story, both how we got pregnant the first time but also about my pregnancy and labor/delivery issues. She asked about all of that and even let us show her pictures of our daughter. Dr Boots is the best and I would recommend her to anyone!

FEBRUARY 20 2019

we really like Dr. Boots - she's thoughtful, caring, informative and clearly knows her area of practice.

FEBRUARY 11 2019

really liked Dr. Boots! very responsive to my concerns, very informative about the process of cryopreservation which can be complicated, and showed concern for overall health care which is not even with her specific scope of practice (like screening for diabetes, which I couldn't even get my PCP to do the last time I saw her), overall could not have been happier and would definitely recommend

OCTOBER 14 2018

Dr. Boots and staff have been amazing! They are professional but approachable, helpful, positive but straightforward, friendly and have helped me start to come to terms with this difficult journey. It's so refreshing to feel like I have a whole team of people caring for me and with Dr. Boots and team, I know I'm in very good hands.

SEPTEMBER 10 2018

Dr. Boots is so knowledgeable, positive and helpful. I was apprehensive before beginning my fertility journey and the whole staff has been so supportive. We've had a solid plan since the first appointment and Dr. Boots has explained the process in great detail. We're constantly being taken care of and looking to the next step so there are no delays in trying to have a baby.

MAY 23 2018

Dr. Boots explained something to me that she has explained many times before because I just wasn't understanding it. Not only was she patient, again, she even took the time to diagram things for me. It made me less self-conscious that I wasn't understanding it. I appreciated her patience.
