APRIL 21 2024

Dr. Goldstein is direct, caring, and re-assuring. She explains her examination findings clearly to our son. She has navigated difficult circumstances with our son and celebrates with us when his eyes are clear and quiet. Our family appreciates her expertise and sense of humor. She makes stressful examinations a bit easier! Our son would prefer to have a greater portion of his examination spent with Dr. Goldstein. The Fellows are nice, but he feels more secure when Dr. Goldstein spends more time examining his eyes.
