OCTOBER 15 2019

**Dr. Lloyd Jones is by far the best doctor I have ever been to (and I'm close to 71 years old). Before**

meeting with him I was very nervous about what he was going to tell me. He explained everything to me in terms that I could understand and put my mind at ease. He is a very caring and compassionate doctor. I have COMPLETE confidence in him and his staff.

SEPTEMBER 16 2018

**Again, Dr Lloyd-Jones is the best physician I have ever had. He is obviously a leader in his field at an international level, but he goes far beyond his expertise. Dr Lloyd-Jones is thoughtful, caring, compassionate, respectful, patient, and speaks/translated to you in layman's terms in a very respectful manner.**

JUNE 19 2018

**I appreciate knowing why one medication had certain side effects and its replacement does not, and it's good to hear that the treating physician is pleased with how you are responding. I also appreciate that most of the treatment is very simple and doesn't require medication - nice to find a practitioner that believes in self-help and non-prescription options as a first line if possible.**
