JUNE 23 2021

Most of the other doctors were not sure the best course of action. They called Dr. Khan for his help. Did not long for Dt. Khan to assess the root cause and start immediately. Recovery came quickly after that! Thank you, Dr. Khan!

JUNE 23 2021

Took the time to listen

JUNE 21 2021

Dr. Khan was impersonal and in a hurry, even checking his phone at one point during my brief visit. He was simply interested in asking me questions and had no interest in any of my input or answering MY questions. He has zero empathy and was quite condescending. I will be going elsewhere for my care.
