FEBRUARY 7 2022

Gina has continued servicing our teens after our previous practitioner left the practice. Managed to fit a non-expected appointment into her schedule to diagnose a lagging cough and congestion. Z-pack may have helped as a catch-all remedy; however, we are now aware of a drug reaction that was worse than the previous ailments.

OCTOBER 18 2021

I think she did a phenomenal job which is hard with my child but I wish she would have had more sensitivity than to ask me if he is normal.
