**Dr. Dumanian is a uniquely skilled plastic surgeon and naturally gifted artist. This marks year five of my hernia repair which was performed to perfection beyond my expectation. I have immense confidence in Dr. Dumanian and still marvel at his work. The repair was masterfully done; my goal was to have some relief but came away with far more than that. I have remarkable comfort and a contour that makes me feel half my age (which is 70 :) It is not an exaggeration to state that I marvel at this result and level of comfort every day. I might add that I am now 6 1/2 year cancer survivor, still cancer-free. This hernia repair adds to my high quality survival. How fortunate can a patient be, to come away from everything so gifted.**
