Dr Mikati is an incredible cardiologist and an unbelievably nice person. From the moment you walk in the room you feel that you are in the hands of a knowledgeable yet compassionate expert doctor. He pays attention to the patients needs and always provides the best of care. He's so brilliant and pays such close attention to what the patient says that he remembered that my father played chess with his grandson after being told that 7 years ago. We are truly blessed to to have Dr Mikati as our cardiologist. Thank you doctor!!
