JULY 11 2022

**Dr Wayne clearly knows what he's doing, but he always seems to be in a hurry and I end up feeling like I'm bothering him or that I'm a waste of his time. I don't know if he actually cares about me, but he seems to have done a great job operating on me and I'm healing well. I would end up recommending him to someone, but with the caveat that they shouldn't expect him to be very present or have any bedside manner.**
