She always took her time to explain any questions or concerns and showed my Mom that she actually cared. She is very good at diagnosing, showing empathy and treating her patients. After my mom passed away I became her patient and she treats me exactly as my mom. My daughter was looking for a doctor and she too is a patient of Dr. Bierman. I have recently had the Covid virus the treatment from the NW Covid hot line and her follow up was what helped me get through that illness.
