Timely and attentive care.

MAY 19 2022

I have a number of medical issues and doctors. In 2010 I was diagnosed with CML. After being admitted to MWMH DR. Altman came into my room and introduced herself to my wife and I. At the time I was expecting a doctor who's name I can't remember today, and I told this to Dr. Altman. She said that he specialized in a different type of leukemia and CML was her expertise. She confidently articulated a treatment plan and then asked the question, " Would you like me to be your doctor ?" Immediately I said yes, and it's still yes today. After 12 years of great care, I highly recommend Dr. Altman to anyone who may be seeking help with CML As unfortunate as it was to get CML, I am so fortunate to have Dr. Altman as my doctor!
