It is the first time I visited Dr. Garelik because Dr. Laumann retired. I found her to be professional, friendly, completely knowledgeable in her field and a wonderful bedside manner. She was very thorough and answered every question. She is my new dermatologist!

JULY 30 2020

This was my first time seeing Dr Garelick & I really appreciate how thorough she was in explaining everything to me, & also the care she took to maintain some privacy for me during my skin cancer screening. I always dread this exam because I'm the last I have felt very vulnerable being so uncovered, especially if there was an intern or Mrs student in the room too. She used a 2nd gown to keep parts of my body that weren't being examined covered & I really appreciated that!..The wait time was much better than in years past, but still 30minutes past my scheduled time. The MA apologized for the delay & was very pleasant & professional about it though. I appreciate that she acknowledged the delay.
