JUNE 30 2021

JUNE 9 2021

Excellent doctor. Professional, knowledgeable, friendly. Easy to talk with.

JUNE 8 2021

As I've noted before in your surveys, I find Dr Weinstein to be an excellent clinician. She explains her procedure thoroughly, listens to concerns or any questions I may have regarding the procedure. She is also conservative when talking about a procedure I may inquire about, or have read about. I take this as being ethical in the sense she is advising what is in the best interest of the patient, not what is in the best interest of the practice. And lastly, I rarely have to wait any longer than a few minutes in the waiting room, which I appreciate --especially in times of a pandemic.

JUNE 7 2021

She's very to-the-point and intelligent. I wouldn't mind if she were a little warmer in manner but I trust her expertise. Also because I'm healthy, we don't have much reason to have a deeper relationship at this point.
