NOVEMBER 10 2020

She is charming , seems to care, and is knowledgeable.

NOVEMBER 10 2020

Expertise is apparent. Takes too long to get an appointment. The answering service is very frustrating. Put on hold for extremely long waits...greater than 30 minutes, then redirected to specialist scheduler and put on hold another 20 minutes! Who has an hour to sit on the phone waiting to make an appointment??!! This happens every time I call to make appointment. One would think that NM, being the seventh best hospital in the country would have a more efficient process to make appointments for their patients.
