AUGUST 20 2019

During my appointment Dr Smyth was very professional and knowledgeable. I felt very comfortable with Dr.Smyth. He did a very detailed examination, explained x-rays, and treatment options. immediately after the in office procedure. I felt relief that I had not felt in years. Dr. Smyth's treatment plan worked wonders for me. As of today I have no pain in my knee that he treated. I am very thankful for the service I received from the nurses, radiologist and especially from Dr. Smyth. I would like to personally thank Dr. Smyth for the wonderful service and treatment I received.

Dr explained all options after reviewing my x-rays with me. He suggested the least aggressive treatment plan which is also what I preferred.

Dr Smith was incredibly helpful with my broken collar bone and got the issues resolved quickly. I would recommend him to anyone. He explained everything clearly and made sure I completely understood the risk of surgery and the side effects of the medications I was prescribed.
