MARCH 7 2022

**Quick vasectomy appointment. Nurse and doctor were great and explained everything and answered all of my questions. Doctor McGuire was great during the procedure and kept me calm and explained what he was doing with each step. The procedure was a bit more complicated because of my preexisting condition and he handled it wonderfully even though there was more discomfort during that part of the procedure. Overall from start to finish it was as good as a vasectomy could be.**
