no touch. very impersonal.

JULY 8 2019

Dr. Walsh and his PA provided emotional relief after having experienced an incompetent doctor in my hometown. Dr. Walsh was transparent about needing to consult his colleagues and get me to a team that had more expertise in this area than he did. His honesty, compassion, and effort to explain what his initial reactions were to my tests are unlike anything I have ever experienced with a medical practitioner of his level. I would absolutely recommend him to anyone!
