JUNE 21 2021

Dr. Montpetit listens to me and I feel very confident with the decisions we discussed.

JUNE 12 2021

I called several times for the past few weeks not feeling well. She finally decided to see me. She does not check my potassium, magnesium, kidney levels regularly. It months in between. She teats me as if I caused my own heart failure and weight gain. She makes me fell like IÃ¢â¬âm disgusting and not worthy of be her patient because IÃ¢â¬âm obese. I have never missed pills this much and I was honest about really struggling to do things my self and IÃ¢â¬âm not sleeping well. I feel nauseous, more anxious. Her response was find a hobby. Get out of my chair more and get on a better sleep pattern and try mediation.

JUNE 11 2021

Several years ago when I came to her for a second opinion, she literally saved my life finding a 100% blockage where I had a stent placed one year before by a cardiologist in a different practice. She also adjusted my medications restoring me to a normal life. No cardio problems since she became my cardiologist.

JUNE 11 2021

Very detailed care

JUNE 7 2021

She explained things and opted for non-invasive testing to start, which I appreciate.
