NOVEMBER 12 2020

She's very nice. But I've been a patient for a couple of previous visits, and yet she said it was nice to meet me. Everything is a zoo now with Covid, so I'm not even considering holding a grudge. I just hope when things calm down I don't get the \Bums rush\"....:)"

NOVEMBER 12 2020

I was referred to another care provider and probably charged for a televisit, even though I probably talked to the doctor on my cell phone for less than 2 minutes. If that was going to be the result, I wish the nurse would have intervened and just made the referral without the need for a chargeable appt.
