I love Dr. Ravenna! He is always so caring and helpful and most definitely shows huge concern for all of my medical problems. He always spends a good amount of time with me to make sure we cover all of my issues. I see him every 3 months. I have referred him to everyone close to me that wants an excellent Primary Care doctor.

OCTOBER 5 2019

I was pleasantly surprised the physician took my medical history. He was open and friendly, and addressed all concerns I had.

SEPTEMBER 12 2019

My doctor, Dr. Ravenna, was fantastic. It was the end of the day and I had a long list, since I was overdue for an appointment, and he not only let me ask about every item but encouraged me to go through the whole list and addressed every concern I had, effectively. He played Devil's advocate with the low carb diet and gave me multiple solutions for all of my issues. Wonderful and helpful experience.

SEPTEMBER 5 2019

Dr. Ravenna is an excellent physician. I've been seeing him for more than five years now and I couldn't be happier with the job he does. I've sent several referrals his way.

Dr. Ravenna is a very kind and caring physician. I am always treated with respect and understanding to the complexity of my medical diagnosis and the emotional toll it has taken on me. He always replies or calls me very quickly whenever I reach out to him concerned about any issues I am having. He plays a huge part on how my medical problems are taken care of.

MAY 6 2019

Dr. Ravenna was great! he personally called me with the results of a blood test I had done. Usually a nurse or someone else relays the information but it was nice hearing from the doctor himself.

MAY 4 2019

Dr. Paul is fantastic. He listens to my concerns and makes sure he covers all of my issues.

APRIL 18 2019

Dr. Ravenna took the time to review my health and his recommendations to move me to a better state of good health. Before I left, he gave me 4 pages reviewing and explaining the next steps, including blood tests, x-rays, mammogram, CT scans, ultrasound, and dermatology exam. Upon completion of the blood tests, Dr. Ravenna sent me a synopsis of his observations and next steps. He is the best physician that I have seen at Northwestern in the past 10 years.

SEPTEMBER 26 2018

Dr. Ravenna is one of the best doctors I have ever seen, and easily the best PCP I have ever had. I have unfortunately seen a lot of doctors in my life due to past health issues and in the past I have felt as if I have had to rehash my medical history with my doctors. This is not the case with Dr. Ravenna, as he always comes in prepared and knowledgeable about my medical history. I cannot say enough positive things about Dr. Ravenna. He listens, never rushes me and takes time to explain the course of care and answers my questions thoughtfully. He has always been on time, which is extremely rare in my experience, and I cannot express how much I value him as a doctor.
