DECEMBER 7 2021

Dr. Nierzwicki is excellent. After first experiencing tachycardia over 10 years ago, I was wrongly diagnosed by another doctor in a different state. For years I really didn't know what was wrong with me, but thanks to the efforts and insights of both my primary care provider and Dr. Nierzwicki, I finally have

an answer and have begun feeling better. Really grateful! I also appreciate Dr. Nierzwicki's clear explanation of my condition, the way he actually listens when I detail how I've been feeling, and how he went above and beyond to try to find another specialist for me after he discovered there could be a genetic link to the circulatory issues I've presented with.
