MARCH 19 2022

**She is very caring.**

MARCH 15 2022

**Because she is one of the best she explains everything so that you would understand regardless of what age you are not using large medical terms or not explaining it all she is there to answer all questions and explains everything and Documents everything for you so that when you leave you have a paper with everything that you've discussed and what you're supposed to do which is a total asset for me because I'm 77 years old and I need that guidance like that most doctors aren't like that.**
