NOVEMBER 10 2020

It was my first visit to Dr. Kielb. She seemed very good.

NOVEMBER 6 2020

I had chosen the doctor based on a highly positive referral by another doctor I respected at NW, her resume and the video in which she described her philosophy of care. While she eventually came into the examining room and briefly answered my questions, I felt her responses were simplified and underestimated my ability to comprehend the material. I felt I learned little from the appointment and was very disappointed.
