OCTOBER 16 2020

Dr. Kurtzer was excellent!

OCTOBER 16 2020

Dr. Kurtzer exerts true compassion and care for her patients. I searched high and low to find a Gynecologist that would be specialized with a trauma based care approach. She spent ample time talking to me about the various issues I have going on. She thinks outside the box and is willing to work WITH the patient, and not ON the patient. She values my feedback and was one of the most delicate and kind physicians I think I have ever met. I am disappointed that Northwestern is so far from my home - but, I will gladly return for this level of care. Certainly thankful to have Dr. Kurtzer and her staff assisting with what is a very difficult area of medicine for me. Northwestern is SO fortunate to have Dr. Kurtzer, Beth, and Cristal working at this clinic. They are the epitome of what ALL sectors of medicine should represent and strive for. Well done!

No waiting. Excellent COVID environment. Intake nurse was wonderful. Friendly, informative. Dr Kurtzer is of course the main reason.

OCTOBER 15 2020

OCTOBER 15 2020

Good customer service all around and I love Dr Kurtzer. She really has a deep understanding of gynecological issues. Some GI docs only focus on babies/pregnancy and they dismiss you other issues. At Northwestern I was taken serious.

OCTOBER 5 2020

Did not feel rushed, she is very tentative and personable. I very much appreciated that a NP was transcribing our visit while Dr. Kurtzer could focus on the exam and any questions I may have. I further appreciated receiving a copy of the visit summary at the end of my appointment. I think all doctor offices should subscribe to the same procedure.

OCTOBER 5 2020

Little to no waiting time and incredibly pleasant and informative employees. Strict COVID-19 procedures and preventative measures.

OCTOBER 1 2020
